MAYOR REBUKES PRES. BRUMBACK

Takes Serious Exception to Illegal Passage of Resolution.

HOT VETO MESSAGE.

Mayor Makes His Position Clear—Says he Will Not Permit Violations of City Charter by Council.

In a message to City Council, vetoing a resolution adopted by council last Tuesday night, which was returned today, Mayor Thomas A. Fisher, administers a stinging rebuke to R. D. Brumback, president of the lower board.

This resolution is one which provides for the printing of the annual reports of the city in the two daily newspapers at a cost of $60. The resolution was introduced in the board of aldermen and passed by unanimous vote. When it reached the common council there was some debate and Councilman Burke desired to have the resolution referred to the finance committee. Councilman Williams objected and the measure went to a vote. There were eight members voting for its adoption and five against it. When the vote was announced Councilman Smith called the attention of President Brumback to the fact that as the resolution was new business it required 12 affirmative votes for its passage on the night of its introduction. The chair refused to recognize the point as made by Mr. Smith as well as the point that all resolutions whether new business or not required the vote of a majority of the members of each board, which in this case was nine votes.

The resolution was received by the mayor bearing the endorsement from the clerk of the common council that it had been passed in that body by a vote of 8 to 5. He therefor every promptly vetoed it in accordance with the provisions of the city charter.

In his veto message the Mayor takes serious exception to the action of President Brumback and does not mince words in his rebuke to that official.

The message is as follows:

City Council of Alexandria:

I herewith return without my approval, a resolution providing for the printing of certain annual reports in the newspapers of Alexandria, at a cost of sixty dollars, and bearing on it an endorsement to the effect that Common Council concurred in the action of the Board of Aldermen by a vote of, ayes, eight; nays, five. It is apparent that this resolution was not properly passed by the lower Board. Section Thirteen of the City charter, provides as follows:

"The concurrence of a majority of the wmole number of members of each branch of the City Council shall be necessary for the passage of any law, order or resolution, or for repealing, altering or revoking the same, and no bill or act creating a new law, amending or altering an existing law shall be passed at the same session on which it is presented, unless it shall receive the votes of three-fourths of the members of each branch of the City Council."

As this resolution had never been before Council previosu to the night of its introduction, and also marked a new method of publishing the city reports, it was clearly new business and, therefore, would have required twelve votes for its passage by the lower Board on the night of its introduction. Even had it not been new business, it could not have passed the lower board with a less number of votes than nine. I notice in reading the newspaper accounts of the proceedings of City Council on June 24th, that these facts were brought to the attention of the President of the lower board and although there is no doubt fully aware of the law governing the actions of City Council, he refused to take cognizance of the objections, and insisted that the law had been properly passed. I cannot let this opportunity pass without taking serious exception to this action on the part of the President of the Common Council. While, of course, there are many times in legislative bodies when, under the rush and excitement of the moment pertinent laws are temporarily overlooked, in this particular case the attention of the presiding officer was immediately directed to his error in declaring the resolution passed, and the fullest opportunity was given to make any correction in his ruling if he had so desired. His refusal would seem to indicate a definite purpose on his part to embaras the Mayor by forcing him to veto this resolution. It is always disagreeable for me to be forced to disagree with the City Council, but I will take this opportunity to make it clear that, while I am Mayor of the City of Alexandria, I will not sit idly by and permit violations of the city charter, which I, as well as members of Council, am sworn to up-hold, especially when it is brought to my knowledge that such violation was deliberate.

Respectfully yours,
THOMAS A. FISHER, Mayor.

NEWS OF THE DAY.

A tale of how influence was to be exerted in the seats of the mighty in Washington to prevent unfavorable investigations into the doings of the street; of how lawsuits that the financial interests in New York wouldn't like were to be prevented, and of how the gold-brick seller was generally to protect the interests of the client he sought in the political game in the Capital was told before the Senate lobby investigating committee yesterday. Representative A. Mitchell Palmer, of Pennsylvania, told the story, and Edward Lauterbach, a New York lawyer, and Representative Daniel J. Riordan, of New York, gave the committee some light on its details.

Anti-Japanese sentiment at Hemet, a small town near Riverside, Cal., was manifested today when a party of citizens met an apricot picking crew from this city and ordered them to leave at once. The baggage of the Asiatics was thrown aboard the train after them. There is not a Japanese in Hemet. The Asiatics were engaged by ranchers near Hemet. After they had been driven out the employing ranchers told the Hemet men that the Asiatics were Koreans. The exclusionists replied that Hemet wanted neither Koreans nor Japanese within its borders.

A sentence of three years in the penitentiary for engaging in the white slave traffic was imposed upon Isador Harris, of Baltimore, by Justice Stafford in Criminal Court, No. 1, in Washingto, yesterday. Assistant United States Attorney Proctor produced evidence to show that a short time ago Harris took Edna Davidson, 17 years old, of Washington, to Baltimore, for immoral purposes. Miss Davidson, questioned on the witness stand, said that Harris, whom she met in this city, proposed to her that he would take her to Baltimore and provide her with flashy clothing so she could go on the streets and decoy men.

One man and a woman were killed and another man and woman were painfully injured yesterday when an automobile crashed through the railing of a bridge at Lincoln Park, Chicago. H. A. Gregory, general manager of a magazine circulation bureau, died in the surgery of the Alexian Brothers' Hospital soon after the accident. The body of Miss Minnie Bristol, of Waukegan, Ill., was recovered in the lagoons after the accident. Charles Peters and Miss Myrtle Peters were unconscious.

BRADDOCK HOUSE TO BE CLEANED OUT

Inmates Given 30 Days' Notice to Find New Quarters.

W. W. SIMPSON TO GO.

Present Proprietor Will Have No Future Connections With Famous Old Rooming House.

The old Braddock House is again in the limelight, after having figured considerably in Alexandria history. The present occupants have been given thirty days in which to vacate the premises, and when this shall have been done, the old structure will be cleaned up and doubtless used for other purposes than a lodging house.

The building on the southwest corner of Cameron and Fairfax streets nucleus of what is now called the Braddock House, was formerly occupied by the Bank of Alexandria. Over half a century ago it was known as Newton's Hotel, and subsequently as Green's Mansion House, after the property had been acquired by the late James Green who placed the Fairfax street front to the building. During the civil war the federal troops used the building as a hospital, and at the close of hostilities it was operated as a public house by Martin Maddux. The latter was followed by others who attempted to make the hostelry a paying institution, but it gradually declined, until it became a white elephant on the hands of its owners. At one time it is said the building could have been purchased for $5,000.

It finally beame a refuge for people who were unable to rent houses and was eventually turned over to this class.

F. L. Wagar, of Washington, purchased the property a few years ago and made extensive repairs to the place, by putting in modern plumbing and otherwise converting the structure into a passably fair public house. He supposed a better class of customers would appreciate his outlay and rent suites of rooms. It proved a failure, however, and soon lapsed into a second hand storehouse and the abode of such as sought cheap quarters.

The mysterious death of a young man named Patrick Buckley last fall caused the authorities to inspect the building, and it was condemned. The proprietor had previously been ordered to place modern appliances in the building as protection from fire.

Recently Chief Goods, Sergeant Wilkinson and Deputy Health Officer Garvey visited the place and finding it in an unsanitary condition, had given the proprietor a reasonable time in order to bring about more satisfactory conditions.

Regardless of the facts as given above, Messrs. Monroe & Marbury, real estate agents, who now have charge of the property, have given W. W. Simpson thirty days in which to vacate the premises. He has secured the building on the corner of Princess and Fairfax streets, to which place he will move his effects.

It is the intention of the parties having the property in charge to make a pasage way through one of the store rooms on the Fairfax street front to the Carlyle House in the rear. This historic land mark will be leased separately from the Braddock House proper.

The historic Carlyle house, which is in the southeastern corner of the premises, is the real point of interest on the place. Several years ago the Society for the Preservation of Virginia Antiquities attempted to obtain possession of the building. It would seem that this is a favorable opportunity to carry out their purpose.

M. T. Dwyer, through George L. Appich, real estate broker, has purchased from William T. Hinken, the two-story frame dwelling, at 1018 Queen street.

There were no cases for trial in the Police Court this morning.

SCENES AT THE DYKE.

Sunday School Picnic of First Baptist Church.

The picnic held at the Dyke yesterday by the Sunday School of the First Baptist Church was one of the most delightful affairs ever given by that school. It was a free picnic in every way: Free transportation, free ice crea mand lemonade in abundance of swings, etc. On account of the threatening condition of the weather in the arly mornin gonly about four hundred attended, while arrangements had been made for the accommodation of six hundred. The athletic sports resulted as follows:

50 yard dash, for boys over 13 years, Carroll Pierce, Jr., Time 8 sec.

Standing broad jump for boys over 13 years—J. T. Preston, Jr. 8 ft. 5 1-2 inches.

50 yard dash for boys under 13 years—Harry Meeks, Time 8 sec.

Standing broad jump for boys over 13 years, J. T. Preston, Jr. 4ft.

Special 50 yard dash for young men Smith Chauncey. Time 7 sec.

30 yard dash for girls. May aMnder. Time 5 sec.

Running high jump for boys over 13 years, J. T. Preston, Jr. 4ft. 10 in.

Standing broad jump for girls, Leola Cockrell. 5ft. 4 in.

Standing broad jump for boys under 13 years, Edwin Pearce, 6 ft.

Pole Vault, J. T. Preston, Jr., 7 ft. 2 in.

50 yard fat men's race between Vance H. Peele and J. T. Preston, Sr., was won by Vance H. Peel in 10 seconds. Considerable amusement was caused by Sam W. Pitts, the six foot superintendent weigfhing 125 pounds, trying to enter for this race.

Several that had expected to compete in these events were deterred from attending on account of the weather.

The thanks of the school are due the Washington Utilities Company who through Mr. P. E. Clift the most efficient superintendent of that company, did everything to make the occasion a complete success.

MAKE CALL ON PRESIDENT.

Swanson and Carlin Talk on Lincoln Memorial Bridge. Simmons a Visitor.

Senator Swanson and Representative Carlin, of Virginia, called on the President Wednesday to ask him to call an early meeting of the Lincoln Memorial Bridge Commission, of which the President is to be chairman to begin the work of procuring designs and making surveys and estimates for a great bridge connecting the National Capital with the shore of Virginia. Under the law the commission consists of the President, the president of the Senate, the Speaker of the House and the Chairman of the House and Senate Committees on public buildings and grounds. It is expected that the President will call the meeting at an early date.

A certificate of accidental asphyxiation was issued by Coroner Nevitt, in Washington, yesterday in the death of Elmer Collins, who was found dead in the bed early in the morning. Collins was a native of Quicksburg, Va., and was employed as an elevator conductor at the New Willard.

ADJOURNMENT OF VIRGINIA EDITORS

Interesting and Pleasant Scenes Mark Close of Session.

WOULD REVISE LAWS.

President Cook, Secretary Hart and Other Old Officers Re-Elected to Serve the Coming Year.

Alexander J. Wedderburn and Mrs. Wedderburn returned this morning from Mount Elliott Springs. Mr. Wedderburn reports that the meeting was one of the most successful in its 25 years of existence. Many matters of importance were considered and adopted which will tend to upbuild the press of Virginia the most important of which was the appointment of a legislative committee instructed to prepare a bill to be presented to the legislature next winter revising and readjusting the present laws on the subject which are conflicting, confusing and antiquated. Mr. Wedderburn suggested that while on this subject the committee draft a section of the bill similar to the laws of Maryland and other up-to-date states providing for the publication in the press of the state of all laws, as at present not one person in ten in Virginia has any idea as to what laws were enacted or rejected by the legislature.

This suggestion caused a spirited debate and was unanimously agreed to, not one word against the suggestion being made, and many strong reasons given in its favor.

President Cook, and Secretary Hart and all of the other old officers were reelected.

Colonel John Murphy, of Richmond, invited the association as a body, and their wives to "help them" open his new hotel September 24-25, and he also offered three prizes for the three best essays on the best method to upbuild Virginia.

The essays are to be examined and passed upon by a committee of seven, three of whom are to be the Governor of Virginia, the Mayor of Richmond and the chairman of the Chamber of Commerce of Richmond, and four to be appointed by the association.

This invitation and the prizes were accepted by a unanimous vote and the thanks of the association tendered the Colonel.

Mr. Wedderburn offered a resolution which under the rules was referred to the executive committee inviting the Virginia Press Association to hold its next annual meeting in the city of Alexandria.

W. McDonald Lee, of the Richmond Virginian, chairman of the committee, stated that if the invitation was accepted he would see that the Virginia navy also attended. The members generally expressed themselves as favorable to accepting the invitation. After the session closed President Cook entertained the members at a splendid banquet, the table being adorned with beautiful mountain flowers and ferns which made it exquisitively beautiful. President Cook acted as toastmaster and a flow of wit, rarely surpassed on such occasions followed and was kept up until near midnight and was only concluded because a large number present were compelled to take trains home.

Miss Rubenette Lee, the gifted and charming daughter of W. McDonald Lee, sang at the close most exquisitely "Virginia." After the benediction by Chaplain Moseley, the 25th session closed to meet at Murphy's Hotel on September 24th in special session.

It was deeply regretted that Miss Bertha Robinson, of Orange, Historian of the Association, returned home seriously indisposed this morning.

STANDING OF SWATTERS.

Effective Work of Children Engaged in Crusade.

Most effective work is being done by the children who are participating in the fly crusade of the city health department. The contestants are not very numerous not as many as there should be, but they make up in energy and activity, swatting the flies, while they lack in numbers.

Up to this morning the standing of the various contestants was as follows:

Catherine Page, 195,400.
Leola Cockrell, 181,500.
Leola Massey, 143,300.
Margaret Schuman, 134,900.
Alton Dodd, 15,200.
Helen Carter, 9,300.
Ruben Heyman, 8800.
Ethel Jett, 9,000.
Walter Sullivan, 3,200.

There are a number of other entries in the fly contest, but starting too late in the month they were unable to keep up with the girls leading this month's contest. They have therefore dropped out the contest.

Three boys appeared in the city health office today to enter the June contest, but there is small likelihood of them swatting enough flies to overcome the lead shown by the figures above. Next month it is expected a larger number of entranuts in the contest will make the fly swatting a reil lively one for those interested. About a million flies have so far been killed by children in the June contest.

CARDINALS TO PLAY DOCTORS.

Naval Medicos Will Come To Alexandria Tomorrow Afternoon.

Saturday afternoon at 4:45 p. m., when the Cardinals and the young doctors from the Naval Medical School, face each other at the local park the fans who attend will see a good game.

The Meico boys have been making rapid strides in the Marquatte League since the return of Bender, the catcher, and Locher, having jumped from last place to second. It is expected that a classy article of ball will be displayed, and as Locher has had a three day rest it will be his turn in the mound and with Cox of the Cardinals twirling in true form a pitcher battle will in all probability be the result.

SUCESSFUL LAWN FETE.

The first evening of the lawn fete at the Children's Home in Duke St., was a success in every way. Those in charge of the entertainment would like to thank the patrons for their support in this worthy charity. The proceeds of the two evenings will be devoted to an outing for the little children at Colonial Beach. There is to be music this evening. The old goose will quack her surprises forth and the orange tree, not a familiar object in this clime will bear tempting fruit. Ice cream, cakes, candies, lemonade and all that goes to make a lawn fete attractive will be found. If the friends of the Children's Home will attend this evening they will not only find a pleasant evening's entertainment but will be helping toward a charity most deserving.

BENEFITS OF NEW CURRENCY BILL

Will, it is Said, Reduce Prices Among All Manner of People.

A "BIRD'S-EYE VIEW."

Small Bankers and Merchants Will be Beneficiaries and Fewer Panics Expected Under Measure.

Washington, June 27.—Explanations of the new currency bill have not been simple anc lear enough to let the people know how the bill will affect them. So says Congressman Bulkley of Ohio in a statement today on the Wilson-Glass measure. Mr. Bulkley calls it a "bird's-eye view" of the measure. "The man in overalls as well as bankers and financiers, should understand how the measure will affect him," said Mr. Bulkley, whose exposition is as follows:

"The Wilson-Glass bill will free the currency and credits of the country from the domination of any business group, place the reserves of our banks where they will do the most good, prevent the piling up of the country banks' resources in Wall street to support stock exchange operations, provide a safe and sound government currency adequate in volume to the needs of the country's business, and make it possible for the small business man to obtain through competition, such credit accommodation as his business and character merit.

"The problem is not an easy one, and financial sharps have been puzzled for years to suggest the sort of reform that is needed in our banking and currency laws. The Aldrich Monetary Commission worked for two years trying to solve the problem and failed. But the present bill meets with general favor and bids fair to be favorably reported from our committee after all details shall have been thoroughly threshed over, and passed within the next few weeks.

"The Glass bill provides for elasticity of currency, mobilization of reserves, and government control of the nation's financial affairs.

"What will be its effect?

"First, there will be fewer financial panics. No manipulation of the money market to create artificial stringency will be possible, because interest rates, volume of currency and extensions of credit will all be controlled in the interest of the public by a government board. There will be no ground for the fear and distrust which sometimes brings on panics, because everyone will know that enough currency and enough credit will always be available to meet all legitimate needs.

"The workingman will always get his pay in government currency as good as gold, and will not be asked to accept clearing house checks or other credit substitutes, because employers will always be able get the currency which their business justifies.

"The small business man will be able to borrow at a lower rate, and to secure more adequate accommodations, because the banks will feel more free to invest in the commercial paper of their local communities, knowing that they can immediately whenever they need to do so.

"The small banker can do business directly with the Federal Reserve Bank, where he will have the same facilities as the big bank. He will be freed from his dependence on the big banks and enabled to serve his customers, freely according to his own judgment, subject only to reasonable supervision, by the government board.

"The freedom which this bill will give to the small bankers, and the security which it will give to the small business man, will tend to stimulate competition in commerce and industry, and this competition cannot fail to give lower prices to the consumer and more employment to producer."

He was rescued, but physicians say he is dying from the shock.

SOCIAL AND PERSONAL

Interesting News Notes About People of Alexandria-- Happenings in Society.

Waverly Methodist Episcopal Church, Balt., Md., was the scene of a pretty wedding Wednesday night, when Miss Ethel Askew Hall, daughter of William H. Hall, vice principal and head of the department of science at the Polytechnic Institute, was married to Louis T. Crosby, of the firm of Daniel Miller Company. The ceremony was performed by Rev V. A. Lonker, pastor of the church. The bride, who was given in marriage by her father, was attired in ivory brocade charmeuse satin, trimmed with point lace and pearls, a tulle veil, caught with lilies-if-the-valley, and carried a shower bouquet of lilies-of-the-valley. The maid of honor was Miss Florence Williamson, who wore pale yellow satin trimmed with white lace and carried a handsome bouquet of pearl roses. The bridesmaids were Misses Addie Resh, Elsie Resh, Blanche Crosby and Florence Luckett, all of whom were dressed in pink satin under chiffon and each carried Killarney roses. The flower girls were Misses Eleanor and Frances Edwards, cousins of the bride. They wore pink silk under white lingerie and each carried a basket of sweetpeas. The best man was Mr. Robert L. Graham, Jr., and the ushers were Messrs. Arthur Reid, Lloyd Dorsey, Bernard Youngman and Howard Vernay. The organist was Mr. Lee Scott. After the wedding a reception for the immediate members of both families was held at the home of the bride's parents in Govans, Md. The couple left last night for Atlantic City, where they will remain until July 14.

Miss Hall's grandfather, was born in Alexandria, 1830, in the old Carlye and moved from there to Baltimore, Md., where he still resides.

Among the out-of-town guests present at the wedding was Miss Miriam Blanche Rotchford, a cousin of the bride.

MEETING OF AUTOISTS.

A Number Gather Last night in Rooms of Chamber of Commerce

Washington street from King to Prince was lined with automobiles last night, the owners of which attended the meeting in the room of the Chamber of Commerce. The Automobile Association of Alexandria now has the names of seventy members on the rolls.

Both sides of Washington street on the square south of King contained machines, while the number gliding up and down King street made the largest turnout ever seen in Alexandria.

Reciprocal relations regarding automobile licenses between the state of Virginia and the District of Columbia were discussed at length and letters were read from Governor William Hodges Mann who declines, at this time, to take any action looking to such relations. The Governor takes the position that the many thousands of Washington motorists would profit far more by such an arangement than the few hundred automobile owners of the Virginia counties contiguous to the District.

The association disagreed with Governor Mann on this proposition, arguing that the District highways were greater attractions to the Virginia motorists than the county roads were to the Washington owners, and that, therefore, Virginia would profit by reciprocity between the two jurisdiction. The matter will be taken up further with the Governor.

A letter from Representative C. C. Carlin stated that he would do all he could to put through the bill introduced by Representative Adamson, of Georgia, for national reciprocity of automobile license regulations.

The highway committee reported that signs had been prepared, marking distances, sharp curves, etc., and would shortly be placed on the roads. The officers and members of the committee on legislation were named as a special committee to revise the existing by-laws and report at the next meeting of the association, July 10th.

A number of cars were offered for the purpose of giving the inmates of the Children's Home an automobile ride in the near future. It was decided to adopt some marker to be put on the cars of members of the association.

DISCUSS WAYS AND MEANS.

Joint Meeting of Committees on Finance and Schools Held Last Night

No definite action was taken at the joint meeting of the committee on finance and schools of the City Council, at the meeting last night in reference to the proposed new high school building and improved truck house. There was a general interchange of opinion and the committees adjourned to meet again next Monday night.

It is understood that some definite plan to finance these projects will crystalize before the next regular meeting of Council July 8th.

A resolution providing for a sinking fund of $6,000 a year, representing in increase in license under the new license law is now in the hands of the finance committee. The estimated cost of the proposed truck house is $10,000. It will be erected on the north side of Prince street between Fairfax and Royal streets. The council two years ago purchased eight acres of land for $10,000 at the northwest corner of Cameron and West streets as a site for a new high school.

BENEFIT PERFORMANCE.

A benefit performance by the popular Poli Players of Washington has been arranged for Martha Washington Chapter O. E. S., this city, for next Tuesday evening, July 1st. Instead of "The Traveling Salesman" first advertised, the Poli's will present "The Talker," a new play, said to be "the surprise of the season." A special car will leave Prince and Royal street at 7:30 the evening of the performance. Tickets at summer theatre prices may be procured at Sanders and Stayman's store in King street.

VANDALISM.

The boys, and even the girls of Alexandria are mischievous, and much patience is shown toward them, but when they break the trees and deface property it is time some one was calling a halt. In the First Ward they swing on the young trees and break limbs from the older ones, and the residents are naturally exasperated. How to stop it is a problem, as our policemen cannot patrol every square every minute. But something should be done to protect the shade trees.

CAROLINA VISITOR.

Mr. James Lyon, master machinist of the Southern Railway's large shops at Spencer, N. C., is visiting friends in this city on a return trip from New York City, where he has been spending the past week visiting at the home of his brother, who is conected with the New oYrk Jaurnal Mr. Lyon's daughter, Miss Mary, who is well known in this city, who accompanied him on his trip, will arrive tomorow and will spend some time here visiting friends.

MOUNT IDA

Mount Ida is by far the handsomest sub-division on the Washington Utility lines, between Alexandria and Washington. Its natural advantages cannot be purchased. Its superb beauty makes it alone the most desirable place to live in this section. Having been modernized with electricity conveniences now presents a splendid outlook for a fashionable residential section.

Prices on Mt. Ida lots will remain as they have been in the past until July 1st, at which time all prices will advance 10 per cent. Take advantage of this opportunity and purchase now.

The same applies to Wellington it being the handsomest property between Alexandria and Mt. Vernon. For further particulars see

Our Annual Summer Sale of
Bath Towels

We have now in progress our annual summer sale of Turkish Bath Towels, which has become a permanent event here each season, and is gaining steadily in popularity because of the excellence of values and extensiveness of assortments.

These Bath Towels are perfect, with the exception of slight oil spots, dropped stitches or similar imperfections, which in many instances cannot be detected, and will not in any way affect the wearing qualities of the towels. Only a factory that recognies such a high standard as does this one would term these towels seconds.

Any one in need of Towels is urged to take advantage of this sale—the most attractive and favorable opportunity of the whole season to supply needs of this kind. Put up in bundles of six, and because of the special prices, and the short duration of the occasion, will not be sold in less than half dozen lots.

NEWS OF THE OLD DOMINION.

MARRIAGE OF VIRGINIAN.

Bridegroom 56 Years Old and a Divorced Bride 37.

New York, June 27.—Leroy Cholwell Fairchild, of Wachapreague, Va., and Mrs. Mabel Hincken Pigot, of 802 Washington Avenue, Brooklyn, both of whom have divorced their former helpmates got a license to marry at the Brooklyn marriage license Bureau late yesterday afternoon. Mr. Fairchild declared his age to be 56 and his bride-to-to gave hers as 37 years. Papers filed with the license application showed that Mr. Fairchild obtained a divorce from his former spouse, Julia L. M. Fairchild, on June 4, of this year, in the courts of Accomac county, Va. Mrs. Pigot obtained a divorce from her former husband, Joseph M. Pigot, in the Supreme Court of Manhattan on September 6, 1911.

EXPRESS OFFICE ROBBED.

Burglars Secure Several Articles and Make Good Their Escape.

Salem, Va., June 27.—The express office at the Virginian Railway station was entered and robbed sometime during Tuesday night. Just what hour and how entrance was gained is not known to the authorities who have been working on the case ever since it occurred.

Among the articles stolen were a suit of clothes, a book and a package of goods, the latter box being carried to the track outside and opened, and on finding what it contained was left by the track.

There is no clue whatever to the robbers. This is the third time the office has been robbed in the past three years. Neither time have the robbers been identified, having always made good their escape.

BRIDE FAINTS THREE TIMES.

Excursionists at Atlantic City Witness Unique Wedding.

Atlantic City, N. J., June 27.—When Miss Katherine Schultz, of Philadelphia, appeared here on Steeplechase Pier to marry Julius Peters before a crowd of six thousand excursionists, who had accompanied them to witness the wedding, the bride swooned and fainted three times and was resuscitated only after the greatest difficulty.

When she was overcome the first time restoratives were applied and she came to. A hysterical outburst the second time plunged her into unconsciousness and her friends revived her.

Pale and trembling in appearance she was then led to the improvised altar the third time and again fainted. This time a liberal supply of cold water and aromatic spirits revived her, and the Rev. John McMillan fairly shouted the marriage ritual.

The lucky couple were given a house six months' rent free and all the furnishings for having the ceremony performed.

Lockjaw Causes Boy's Death.

Harrisonburg, Va., June 27—Blood poison and lockjaw caused the death of Joe McQuillen, fourteen years old, who was accidentally shot in the leg who was accidentalyy shot in the leg Sunday afternoon by Clarence Crider, 18 years old, who was playing with a shotgun in the woods near Strasburg. McQuillen was sent to the Winchester Hospital, where he died last night.

Collector Resigns.

Newport News, Va., June 27.—Collector of Customs Frederick Reed, yesterday, forwarded to the Treasury Department, at Washington, his resignation as collector of customs at the port of Newport News. The resignation becomes effective July 1. Collector Reed would have vacated his office next month under the new customs reorganization plan.

He will leave for his old home in England, where he has not visited for 33 years. Mr. Reed was postmaster here during the terms of President McKinley. He was appointed collector of customs to succeed Capt. E. B. Stuart.

Death of Thomas L. Larkin.

Lynchburg, Va., June 27.—Thomas L. Larkin, 71 years old, died Wednesday at his home here from tetanus. He was a native of Prince Edward county, but lived here many years. He was engaged in the real estate business. He served in the Civil war in the 39th Virginia Cavalry and for a time was courier for General

STATE BOARD OF EDUCATION.

Charge of Drink Habit Indignantly Denied.

Richmond, Va., June 27.—A charge of being guilty of the drink habit against one of the candidates for superintendent of schools furnished the only feature of interest or excitement before the hearings of the State Board of Education yesterday morning in the contested case for division superintendents of schools.

O. B. Mears Superintendent of schools for Princess Anne county, was charged with drunkenness and a failure to visit the schools of his district as often as he ought to have done.

Mr. Mears offered a long list of endorsements and a number of citizens appeared personally who spoke in the highest terms of praise of the incumbent. The charges of being drunk were positively denied, pronounced to be absolutely without foundation.

Many of the applicants in the contested cases did not appear and the appointments will be made on the written applications.

Very little interest was manifested in the hearings today and the attendance was the smallest of the week when the board adjourned at 1 o'clock for recess only five cases remained to be heard and the board will possibly begin the work of considering the appointment in executive session this afternoon.

All of the appointments will be made tomorrow when the board will adjourn after one of the longest sessions ever held.

Round Wants Recognition.

Manassas, Va., June 27. — Lieut. George C. Round, who was head of the Manassas Jubilee celebration, which was held July 10, 7911, has written Governor Mann, stating that the Manassas celebration undoubtedly blazed the way for the forthcoming Gettysburg jubilee and made the big reunion of blue and gray possible. He quotes a paragraph in his letter from one of the latest school histories which gives credit to the Manassas jubilee as the first of its kind, and expresses the belief that in some manner the promoters of the Virginia reunion be given official credit.

In his reply the Virginia executive acquiesces in Lieutenant Round's views, but candidly admits that he does not know just what form the recognition desired should take. He hopes to meet the veterans at Gettysburg and talk the matter over.

BOY KILLS COMPANION.

Tells Him to Run; Shoots and Causes His Death.

Winchester, Va., June 27.—Joseph McQuillen, 16 years old of Strasburg, died here Tuesday night in Memorial Hospital of gunshot wounds suffered the day before.

The shooting was done by Jeffrey Crider, a companion, and was accidental.

The Crider boy playfully pointed the weapon at McQuillen and told him to run, pulling the trigger at the same time.

The charge entered both legs and the boy bled to death. He was a son of George McQuillen, of Strasburg.

Eight men were killed yesterday in an explosion of dynamite in the construction camp of the Canadian Pacific Railway about 10 miles from Parham, Ont.

RESEMBLED A SNAKE.

Fallen Extinguisher is Mistaken For Reptile in Moving Picture Show.

Staunton, Va., June 27.—Several hundred persons who were present at the moving picture show in the auditorium were given a fright while one of the big feature reels was being thrown upon the canvas, when a colored man, who had entered a section of the balcony reserved for those of ebon hue stumbled over a fire extinguisher.

The extinguisher fell down and landed in such a position as to cause the small hose attached thereto squirm somewhat like a fighting reptile "Look at the lve snake!" shouted a colored "sister" as she made a bee line for an exit. That section of the balcony started pell-mell down the stairway.

The excitement became genera and people jumped from their seats and ran toward the main entrance but cool heads finally succeeded in pacifying those who had become alarmed.

OFFICIAL RETIRES.

Charles E. Potts, Assistant Treasurer of C. & O., Road, in Ill Health.

Richmond, Va, June 27.—The retirement of Charles E. Potts, assistant treasurer of the Chesapeake and Ohio R. R. was announced yesterday by Vice President Axyl. Ill health was the cause, and Mr. Potts will be retained on the payroll of the company in appreciation of the faithful and valuable services he has rendered.

John A. Hancock, for many years paymaster, will succeed Mr. Potts and L. G. Burruss, assistant paymaster, will be promoted to Mr. Hancock's position. The retirement, of Mr. Potts and the subsequent promotions will become effective July 1.

Mr. Potts has been with the Chesapeake and Ohio Railway for 25 years and served as treasurer for five years becoming assistant treasurer when the new management of 1909 elected James Steuart Mackie, of New York treasurer.

State Encampment.

Norfolk, Va., June 27.—Preparations are being completed for the encampment of 1,800 Va. volunteers infantrymen at the Virginia Beach Camp between July 6th and 13th.

The tents, wagons and other camp equipage is now coming in. Captain W. W. Laparde, engineer temporarily in charge of the camp and rifle range, recommended today that owing to the expense to the state in buying and putting up poles, wiring and lamps for electric lighting in camp during the two weeks, that gasoline lamps and torches be substituted. This will probably be adopted.

Major O. L. Wright, chief of the brigade staff; Major J. F. Lynch, surgeon-general of Virginia militia; Major Marshall Terrel, Major Benjamin Harrison and Lieutenant R. E. Jones, the latter both of Petersburg visited and inspected the Virginia Beach camp Sunday.

Surrenders Old Charter.

Richmond, Va., June 27.—The Richmond, Fredericksburg and Potomac Railroad formerly surrendered its ancient charter Wednesday when it secured from the State Corporation commission, in accrdance with the agreement with the special tax commission an amendment to that instrument.

The amendment is brief and to the point, simply annulling those sections which granted to the road special privileges and exemptions from taxation, and placing the corporation on the same footing as the other common carriers of the State.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

PUBLICATION OF CITY'S LAWS.

We have been so persistent in calling attention to the need of some codification and indexing of city ordinnaces that we feel as if the last word might well have been said on the subject without breaking through council's apparent determination to ignore the matter. However, we are reminded of the still existing need by a glance through the pamphlet recently printed and distributed through the city. It is entitled "Acts and Joint Resolutions of the City Council of Alexandria, Virginia, from October 27, 1908, to May 13, 1913," and is published by Council under the name of its Clerk. The pages are numbered consecutively, from 487 to 625 and the several ordinances from 181 to 279.

It would seem reasonable to suppose that all ordinances of general importance passed during this period would be included ,and yet, a careful examination of the pamphlet fails to show some very important measures enacted by Council. There is no way to tell how many have been omitted. Certainly the health regulations, passed in the summer of 1912, and the building law, enacted in 1910, are worthy of place, but are not to be found.

It is possible that some ordiances have been printed under separate cover, but the fact remains that we have no complete set of the city's statutes that can be readily referred to, and suc ha publication as the one recently issued is misleading and worse than useless for reference. Until such time as Council shall see fit to publish its legislative enactments in toto, it should at least, give us complete lists from time to time, of all ordinances passed.

BACKWARD AND STUPID CHILDREN.

Addressing a convention of alienists in New York, Dr. Henry H. Goddard, of Vineland, N. J., declared that slow and weak-minded children should be segregated and receive a special education. He asserted that the average stupid child recruits the criminal class when he is brought up among normal children, whose education leaves him still ignorant. He further said:

"Often the stupid child is the favored and petted one of the family and many parents do not, or will not, recognize that a child of theirs is mentally deficient," asserted the speaker. "The child thus becomes spoiled, and becomes a dangerous factor in society. "Twenty-five per cent of criminal class belong to the mentally backward; 50 per cent of the prostitute class and 70 per cent of the persons in reform institutions are mentally deficient—stupid."

The backward child at school, if given a reasonable time, often develops a more vigorous intellect than his precocious companions. Some one has likened such to the sturdy oak, which requires a century to arrive at maturity, when it becomes the giant of the forest.

Some of the most brilliant men were slow scholars and often taxed the patience of their teachers. Dr. Adam Clarke, author of a commentary upon the Bible which has been read with interest and profit by many thousands, was regarded as the most stupid boy in the schools he attended in early life. On one occasion a gentleman of the neighborhood visited the school when the pedagogue pointed to Clarke as being the slowest boy in the institution, and said it was impossible to make anything out of him.

Alienists are fallible like other men. They do not know it all. Over two-score years ago one of this class took the witness stand in the Corporation Court in this city while a murder trial was in progress. Among other things he said that weeping was an indication of dementia. He was asked if Simon Peter was crazy when he went out and wept after having denied his Lord. Then were demented when they cried. If the witness was correct in his theory all children are to the world in a crazy condition.

The mighty have certainly fallen. We are glad that Virginia boy, Boehling is willing. It puts an occasional smile on the face of the fan.

We can't help but think that a good stiff rebel yell might cause some little sensation, even at this late day, among the veterans attending that reunion.

How many times a day a horse should be fed, and how much at a time are questions vexing the S. P. C. A., in Washington. The horse preserves a strange silence on the subject, but we imagine that 24 hours a day in a blue-grass pasture would suit him well enough if they never tied a feed bag over his head at the noon hour.

NEWS OF THE DAY.

Harry Martin, relief driver for Charles Merz, in 1913 500-mile race, was killed yesterday at Indianapolis, Ind., and Frank Agan, mechanician, was badly injured when a Stutz racing car which they were driving, was ditched while testing out on the speedway track. The car skidded and overturned on the back stretch while going at a speed of 78 miles an hour.

The Illinois Woman's Suffrage bill has been signed by Governor E. F. Dunne. Governor Dunne's signature on the suffrage bill gives the right to vote to 1,600000 women in Illinois. The fight fo rvotes for women in Illinois was waged for twenty-three years. The scratching of Governor Dunne's pen was heard by as many persons as could crowd into the executive office to witness the affixing of the signature.

Gems and cash amounting to $100,000 were stolen by the robbers who murdered Charles E. Pennell, wealthy money lender and real estate broker, in his office yesterday. The police, after an inventory of the contents of the dead man's safe, found the thieves had accomplished the biggest theft in the history of Los Angeles, Cal.

John S. Barger, a railroad conductor, was killed by his son, Paul Barger, 18 years old, in Lafayette, Ind., yesterday, when the elder Barger attacked his wife. The boy told the police that his father was choking his mother when he fired a revolver three times, holding the muzzle against his father's side.

A man believed to be J. W. Benning, of Gregory, Mo., shot and killed Theodore Pogue and then killed himself at West Quincy, Mo., yesterday. Pogue was a bachelor about 75 years old, a soldier in the Confederate army and owned 1,000 acres of valuable Missouri bottom land. Benning worked for Pogue a year and then threatened to kill his employer.

Not heeding the warning of the bridge tender, it is alleged Harry Daniels, aged 54, of Upper Sandusky, Ohio, drove his automobile through an open bridge at Port Clinton early yesterday and was drowned in twenty feet of water.

The scandal growing out of the British government Marconi contract has resulted, it is learned, in the resignation of Sir Rufus Isaacs. Sir John Himon, the present solicitor general, will be his successor, it is said, in the office of attorney general. The retirement of Lloyd George, chancellor of the exchequer and the eventual breaking up of the present ministry are now looked upon as the probable outcome of the affair, although the select committee of parliament, which made an investigation exonerated the involved government officials.

A crude bomb, apparently hurled through a window, wrecked the cellar early yesterday in the home of Adolph Fretschie, a boss finisher in a dye plant involved in the protracted silk mill workers' strike in Paterson, N. MARKET THIS WEK.

Fine Vegetables and Some Fruits Coming In.

There is no lack of fine quality of fine vegetables on the market this week. Among all the commoner varieties the buyer will find several new ones, June apples are now on the market, small, but very sweet and fine eating, selling for 10 cents a quarter peck. Some peaches are seen but not plentiful enough to bring prices down to the lower level. They sell for 20c a quart or 60c a basket. Fine cantaloupes from California are on the market. They bring 10c and 15c each. The southern grown are sold at about the same price.

Beans are becoming plentiful and will be cheap this week. Some watermelons are on sale at 50c each. Blackberries are now here in large quantities at two boxes for a quarter. Cherries will nnot be very plentiful this season and if you want some now, is the time to buy them at 10c per box.

Green corn so far this season, has been very small, being shipped from South Carolina. It is expected to be better by Saturday and next week. Prices are now 30c and 40c per doz.

Country eggs are lower this week than they were last week, now selling for 25c a dozen.

The meat market shows very little change. There is a good supply of the best beef, veal and lamb. Good cuts are selling at 30 to 35 cents a pound, while the best quality of beef for stewing and roasting can be bought at much cheaper prices. There is so little demand for stew meat now that dealers sell such cuts almost at cost. However, most people would rather purchase high priced steaks and chops, when they could secure the finest roasts and stew meats at half the price. Cooked and smoked meats are now in demand for lunches.

MEETS TRAGIC ENDS.

Gas Boat Cut Down by Steamer and Man and Wife Drowned.

Elizabeth City, N. C., June 27.—A sailing party composed of Miss Marion Woodley and guests came to tragic end last night, when the small gas boat containing the party collided with the steamer Pompano, and was cut down in less than a quarter of a mile of the dock. Mr. and Mrs. Eugene B. Cook, members of the party, were drowned.

The sailing party was returning and the boat with the proper lights attempted to cross the bow of the steamer Pompano. The bot was not seen by the officers of the steamer until the collision occurred. The steamer was carrying the regulation lights. The bow of the small boat was stove in and was quickly filled.

Screams from the river attracted the attention of people on shore and boats put off to the rescue, but in the meantime Captain Williams and crew of the Pompano had rescued all members of the party except Mr. and Mrs. Cook who could not be found. Miss Woodley and Bertrand Culpeper were painfully injured in the collision.

30000 VOICES.

And Many are the Voices of Alexandria People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They tell us in the home papers. Alexandria people are in the chorus. Here's an Alexandria case:

Mrs. Mary Ticer, 300 North Alfred street, Alexandria, Va., says: "I have not the slightest hesitation in giving Doan's Kidney Pills my endorsement. I publicly recommended them some years ago, after they had been used in my family with good results. They made a cure of a bad case of kidney complaint and there has been no further trouble. We all think highly of Doan's Kidney Pills and recommend them whenever we have an opportunity."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. (12).

BOY MANGLED BY TRAIN.

Took Half an Hour to Remove Body From Behind Drivers.

Philadelphia, June 26.—Twelve-year-old Walter Smith, of Frankford, was killed yesterday morning by an express train on the Pennsylvania Railroad, near Wakeling street, Frankford. The top of his head was cut off, one leg was severed at the hip, and his mangled body was so wedged behind one of the driving wheels that it required a half hour's work to remove it.

According to persons who were in the locality before the accident occurred, young Smith had been on the railroad tracks about an hour previous. While he was walking on the tracks he apparently did not notice that express train No. 145, southbound from New York, was bearing down upon him. Before he could escape he was struck. The engineer immediately applied the brakes, bringing the train to a standstill.

A RICH MAN'S BURDEN.

The Income Tax For Support of the German Army.

Berlin, June 27.—The Imperial parliament read a second time yesterday the German military contribution bill, whose purpose is to meet the noncurrent cost of $250,000,000 in connection with the increase of the German army.

The measure has been greatly changed from the original bill proposed by the government. The original measure contemplated a levy on owners of property valued at over $2,500, with an incidental tax on big incomes. It now hits all persons having incomes of $1,250 and upward on a graduated scale of from 1 to 8 per cent.

The increased armaments of Germany, according to the government's financial estimates, will be largely a rich man's burden.

Couples spoon on Capitol steps under full moon, says a morning headline. Well, what's the objection, the hardness of the steps or the lightness of the moonbeams?

STAMPS FOR PARCELS.

New Collect on Delivery Feature of Law.

According to reports from Washington, Postmaster General Burleson has issued an order to become effective July 1st. to the effect that after this date ordinary postage stamps will be good for parcel post matter.

This has not been confirmed and no official notice of such a change has come to the postmaster of Alexandria. Considerable agitation in the past over the use of special stamps for mailing parcel post packages, is perhaps responsible for the proposed change to the use of ordinary stamps for this purpose.

The C. O. D. feature of the parcel post laws goes into effect July 1st which will enable any one to send packages by parcels post and have the carrier collect the charges on delivery. This feature applies only to domestic parcels and not to the Canal Zone or the Phillipines.

By paying an extra charge of 10 cents you may send a parcel C. O. D. and have it insured against loss.

The C. O. D. collections are not to exceed $100 and the money when collected by the carrier delivering the parcel is returned to the sender by postal money order.

This feature of the parcels post should prove a most valuable aid to merchants in Alexandria, as they can begin to lay plans for selling their goods in the county and mail the orders received, collecting for same when delivery is made by the carrier.

In her efforts to protect birds around her home, Mrs. James McCleary, of Washington, succeeded in killing three large black snakes, each measuring more than 6 feet in length in her struggle with the snakes Mrs. McCleary was bruised and cut over her entire body by the thrashing tails and heads of the reptiles. She had just suceeded in killing the last of the snakes when her husband and neighbors came into the yard and she fainted.

Had Tuberculosis of Glands; Now Well
If you are a sufferer from Glandular Tuberculosis, or know of anyone so afflicted, it might be well to investigate this case, where the writer declares after a year of suffering, he found permanent relief and full recovery to health by using Eckman's Alterative, a medicine which has been effective in many cases of Tuberculosis:—
257 Laruston St., Phila., Pa.
"Gentlemen:—In March, 1909, I was taken sick and my doctor pronounced my case 'Tuberculosis in the Glands.' Medical treatment did not help me, and on my doctor's advice, I went to a hospital to be operated upon, but relief was only temporary. I lost strength, and at times would have cold sweats and fever. In April, 1910, I returned to the hospital, but the continued operations were not benefiting me.
"In the meantime, a friend of mine advised Eckman's Alterative, saying it was good for Tuberculosis. The wounds in my neck were still open and in a frightful condition when I started to take it. After using two bottles, I found I was improving, having gained weight, could eat, and was able to sleep. I continued using it until I was well, which was in November, 1910. Before I took the medicine, I had three hemorrhages; since I have been taking it, I have not had any. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I can highly recommend Eckman's Alterative to anyone who is suffering from Tuberculosis or Gland Trouble, providing they take it as directed. I will gladly correspond with any party desiring further information of what the medicine did for me."
(Sworn affidavit) JOSEPH B. WHITE.
Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists

WHEREABOUTS OF JOHNSON.

It is Suggested That Negro Pugilists is About to Forfeit Bond.

Montreal, June 27.—Jack Johnson, the negro pugilist under prison sentence in Chicago for violation of the White Slave Act and out on bail, is in this city on the way to England or France, according to report here. A man believed to be Johnson, accompanied by a white woman resembling his wife, arrived here on a Canadian Pacific Railroad train yesterday morning and immediately disappeared.

Reports reached here from Toronto that Johnson and his wife had been in that city, where the fighter had an interview with his former manager, Tom Flanagan, and had started for Montreal shortly afterward. Flanagan is quoted as saying Johnson intended forfeiting his bail and going to Paris.

Chicago, June 27.—As soon as agents of the Department of Justice received a report that Jack Johnson, the negro heavyweight pugilist, had been seen in Montreal, Canada, they began a search. At Johnson's home here it was stated that the puglist had gone on a fishing trip to Cedar Lake, Ill. Chandler F. DeWoody, Department of Justice special agent, at once investigated at Cedar Lake and was told that Johnson had not been there for several weeks.

Johnson is under $15,000 bond pending an appeal from his recent sentence under the white slave act to serve one year in the Leavenworth penitentiary. His bond was reduced Monday from $30,000, when the appeal was granted.

RAIL BRINGS FATAL BOLT.

One Man Killed Outright And Three Injured.

Bellefonte, Pa., June 26.—A bolt of lightning struck one of the steel rails on the track of a coal mine near Clarence, yesterday, followed the rail into the mine, killed one man and injured three others.

Aren Etters, a nephew of County Superintendent David O. Etters, was killed outright, Thomas Chambers was knocked unconscious and Dr. Annis McGowan Etters were badly stunned. The injured will all recover.

PENALTIES NOW $102,161,000.

State of Texas Brings Banks Into Oil Company Suits.

Greensville, Texas, Junee 27.—Five New York banks have been added to the defendants in the Texas Oil penalty suit, and by this action the total penalties demanded have been increased to $102,161,000.

This became known yesterday with the announcement that the state recently filed an amended petition here including the New York banks as parties to the suit because they are alleged to hold bond issues of either the Magnolia Petroleum Company or the Corsicana Petroleum Company, the Texas companies in the suit.

The banks and penalties demanded against them are: Columbia Knickerbocker Trust Company, $1, 800,000, Central Trust Company, $271,500; United States Mortgage and Loan Company, 271,500; Chase National Bank, 271,50, and Seaboard National Bank, $271,500.

The Magnolia's bond issue is $10, 000,000 and the Corsicana's issue is $900,000. These two companies or their present stockholders and officers are charged with Texas anti-trust law violations.

HORESES MADE BLIND.

Deliberatly Done to Make Them Docile, is Charge.

Chicago June 27.—That a large number of horses in Chicago have been deliberately made blind to make them more esily managed, is the report of agents of the Anti-Cruelty Society, whose curiosity was aroused today by the docility of young and apparently normal animals. Warrants will be asked for the horse dealers accused of the mutilations.

"The horses have been blinded by men who guarantee to purchasers that they will not shy and need no blinders," said Hugo Kraus, superintendent of the society. "A needle has been jabbed through each retina. The wound is scarcely noticeable, but a horse so treated will never see again. Peddlers in particular desire horses which are quiet and the blinding of the animals has been put on a commercial basis."

In South Water street market 50 horses were found that had been blinded, presumably by this method.

Husband Tires of Ten Years of Domestic Silence.

Pittsburgh, June 27.—After 10 years with his wife, sleeping in the same room and eating from the same table, yet never exchanging a word, Lorenz Benz, a retired millionaire of the South Hills, has filed a suit asking a decree of divorce from her on the grounds of cruel and barbarous treatment. Benz is 64 years old; his wife is 58. They were married in 883, and according to Benz, his marital life up until 10 years ago was patterned after Dante's inferno.

Benz declares that his troubles began soon after he was married. About 10 years ago he was taken sick and his wife, instead of caring for him as she should, repeatedly wished him lying in a cemetery a short distance from the Benz home, he says. Despite her lack of attention and illwishes, Benz declared he "fooled them all" and after recovering from his illness he and his wife agreed never to speak to each other as long as they lived.

TO THE OWNERS OF DOGS.

The laws of the city make ite the the duty of the mayor to give public notice to persons owning or harboring dogs to come forward and take out a license for the same from the City Auditor or be reported and fined, upon failure to do so. The license law requires this tax to be paid on or before July 1, 1913. The law also requires that the tag shall be worn on the collar of the dog. This is a requirement that can and must be complied with. The policemen are expected and directed to report to the police court the owners of all unlicensed dogs, and also are expected to locate all dogs sent away for the summer months and brought back in late fall; and to report such efforts to evade the payment of the license by their owners. The license on each dog, regardless of sex is One Dollar and fifty ($1.50) cents.

By R. F. KNOX, Auctioneer
Trustees' and Commissioner's Sale of Residue.

Trustees' sale of the residue of the "Belvoir" or "White House" tract of land located in Mt. Vernon magisterial District Fairfax county Va., containing approximately 1100 acres with improvements.

By virtue of the authority vested in us by the will of Philip Otterback, deceased, and under decree of the Circuit Court of Fairfax County, Va., in the suit of Otterback vs. Bohrer, at its March and May terms, 1913, the undersigned trustees and commissioners will offer for sale at public auction in front of the Royal street entrance to the Market House in Alexandria Va., at

12 O'CLOCK NOON, ON SATURDAY, the 28th DAY OF JUNE, 1913.

the above described prpoerty.

This tract, the old home of Lord Fairfax and separated from George Washington's home at Mt. Vernon by Dogue Creek, originally consisted of approximately twenty-seven hundred, (2,700) acres, of which 1,500 acres has been taken by the United States Government for a school of Equitation of Horsemanship. The balance, between ten and twelve hundred acres consists of valuable farming lands and about eight hundred (800) acres of valuable timber It has a large deep water frontage on the Potomac river as well as a large frontage on Dogue Creek, with valuable fishing shores. The property is improved by an old mansion house, familiarly known for many years as the "White House," a club house, barns, stables, out-buildings and tenant houses. It is situated on the county road between Mt. Vernon and Accotink, and is about four miles by road from Mt. Vernon. This property is one of the most historic in the section and would make a very desirable country estate because of its location and the opportunities afforded for fishing and shooting.

Terms of Sale:—One-third cash and residue in three equal annual payments in one, two and three years from the date of the confirmation of the sale with interest from the said date of the confirmation of sale at the rate of six per cent. per annum interest payable semi-annually with right to anticipate the time of paying the deferred payments secured by retention of title till paid.

A survey is to be made to ascertain the acreage. This will be ready on the day of sale.

The bidding will be valued or started at $26,525.

TO CITY TAX PAYERS—NOTICE.

Collector's Office, June 16, 1913.

Notice is hereby given that the tax bills for 1913 are now in the hands of the collector. The attention of all parties interested is respectfully called to the following extract from the revenue bill of the year:

"Upon all bills paid in full by the first day of July, 1913 the said collector of taxes shall allow a discount of five per cent., on all bills paid in full by the first day of September, 1913, the said collector of taxes shall allow a discount of three per cent., and all bills not paid in full on or before the 1st day of December, 1913 shall be returned delinquent, and there shall be assessed and collected upon the unpaid portion of said bills a penalty of five per cent., and on all bills remaining unpaid on the 1st day of June, 1914, damages at the rate of six per cent., per annum shall be paid."

Tax payers are requested to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make show that you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.
